

# Get DVMAX Training Anytime, Anywhere!

DVMAX Veterinary Practice Management Software introduces a complete series of on-line training guides that provide training anytime, anywhere. This in-depth training is suitable for new staff in need of full training and also for current staff who wish to learn more about DVMAX. The DVMAX On-Line Training Program contains over 50 training videos that will help staff learn not only DVMAX Practice, but also hundreds of daily practice skills. Whatever your needs, DVMAX training is a MUST for the busy practice!

## DVMAX CERTIFIED Training

For practices who need the added assurance that staff has been trained properly, DVMAX offers the DVMAX CERTIFIED On-Line Training Program developed by DVMAX and Animal Care Technologies (ACT). This program includes full training and regular testing that tracks the progress of each staff member. Upon completion of the program, a certificate is issued demonstrating the competency of foundational skills required to operate DVMAX Practice software.
