

Delivering the Paperless Practice

DVMAX delivers the paperless practice. Medical Record Driven Invoicing means that bills are built as you add to a patient's medical history and when you're finished treating a patient, you can immediately present a client with an invoice and more!

An easy to use, fast and efficient paperless practice is finally here and available only with DVMAX Veterinary Practice Management Software. By deploying DVMAX in your clinic you'll rediscover why you first computerized your practice. Increased efficiency, minimized loss of charges, and the ability to market to your clients in ways you never did before - these are the reasons you first computerized and will prove to be the compelling reasons you switch from your current software to a truly paperless world. Let DVMAX reinvent these efficiencies and take your practice to the next level.
